

March 26, 2020

Volunteers,

I wanted to take this opportunity to reach out to all of you to let you know the current status of the Charles Schwab Challenge.

The health and well-being of everyone right now are at the forefront of all the decisions being made. We all know that situations seem to change daily, and even though things may start improving soon in Texas or America, places around the world could still be in distress. All of this will affect decisions made in the coming weeks.

With that being said, it is still our responsibility to be as prepared as possible for any scenario, until we hear otherwise. We also believe that to help survive things like this we need something to look forward to, so we can focus our thoughts elsewhere. We can't think of anything better than to get back together with our wonderful volunteers to put on another great tournament.

- As of today, the May 18-24 Charles Schwab Challenge has not been canceled or rescheduled.
- All scheduled April tournament volunteer meetings have been postponed, as we are waiting for more information from the PGA TOUR before executing a plan for rescheduling them to the middle or later part of April, so we can train and hand out packets.
- Volunteers are still registering, and we hope that each of you that have registered will continue to encourage others to do the same.
- We are still in need of some volunteers, not unlike every other year.

Since we're eternal optimists, and we are possibly the first tournament back since the postponements and cancellations, think about how big that could be! Fans being cooped up in their homes for weeks, players haven't played in competition for weeks, imagine the excitement! That's why we know that until we hear otherwise, we have to stay focused on the potential task at hand.

Please reach out to your family, friends and others who may enjoy volunteering for the Charles Schwab Challenge. There are several opportunities available, as we wrap up several volunteer groups in the next couple of weeks or so.

We will provide further updates as new information becomes available. We encourage folks to stay informed on the developments of the Novel Coronavirus COVID-19 through official sources such as the Centers for Disease Control and Prevention website ([cdc.gov](https://www.cdc.gov)) and <https://www.dshs.state.tx.us/coronavirus/>.

Thank you very much for your work and dedication. Stay safe and healthy, hoping to see you soon,

A handwritten signature in blue ink, appearing to read "Rob Hood".
