Special Note to our Military

Military families past and present have always been important to Colonial and the Charles Schwab Challenge. Prior to COVID for several years, the tournament offered complimentary tickets to active members of the military, and hosted active military families during the tournament weekend thanks to some generous corporate sponsorships. As we come out of Covid and look to find a "new normal" in staging our event, we are not able to offer complimentary military tickets to the 2022 Charles Schwab Challenge. We are hopeful this is temporary.

In the meantime, the Charles Schwab Challenge will continue to support and honor the Armed Forces by annually donating homes for needy military families, providing care packages for troops overseas, and providing golf equipment fittings for Wounded Warriors. To all military veterans and those on active duty, we thank you for your service.
